

CENTRAL INDIANA

Audio Engineering Society Section

Tour Of IU Recording & Video Workflows

The Central Indiana Section of the Audio Engineering Society is pleased to announce its November meeting, an event planned in partnership with the IU Student Section.

Staff from the Jacobs School Musical Arts Center will demonstrate the audio recording and video production workflows utilized by the critically acclaimed facility.

Those present will have an opportunity to network while touring the production facilities during a dress rehearsals for the upcoming opera La Bohème.

This event is a must-attend for anyone who involved in live recording or live event production, so plan accordingly!
