

Third Annual Central Indiana Audio Student Workshop

The Central Indiana Section of the Audio Engineering Society is excited to be hosting the Third Annual Central Indiana Audio Student Workshop.

This is a great opportunity for students to mingle with their peers from other educational institutions as well as professionals.

The workshop will feature:

- Top names in the audio industry.
- Panel discussions and tutorials with the best in the business on topics like Signal Processing, Music Business, Life After Graduation, Analogue Electronics, and Studio Acoustics to name a few.
- Recording critiques.
- Exhibitors showing off fabulous gear.
- Much, much more!!!

Students: Get involved - Plan to attend!

Faculty & Industry Pro's: Want to present? Email us!
